COVID-19 in Ireland

As of 15\textsuperscript{th} of November 2021, over 90\% of the eligible population has been fully vaccinated in Ireland. Ireland is open for business and ready to welcome IoT Week delegates to Dublin in June 2022.

To ensure our delegates’ and staff’s safety, health and wellbeing, we are committed to providing a safe environment to anyone attending IoT Week 2022 in Ireland.

- **Proof of vaccination/ Negative PCR test**: On arrival, you will need a valid EU Digital Certificate or comparable proof of vaccination, a recent PCR test or doctor’s certificate that you have recovered from COVID within the previous six months to access the conference - along with photo ID.

- **Sanitation**: Hand sanitising stations are located throughout the building. Please sanitise your hands regularly.

- **Masks**: Delegates and exhibitors will be required to wear masks while during the Congress.

- **Limit numbers in small spaces**: Pay attention to signage requests limiting numbers in small areas such as elevators and bathrooms.

- **Social distancing**: When entering and moving around the building please observe social distancing of 1m where feasible. Please observe any signage alluding to One Way routes and follow arrows where appropriate.

- **Ventilation**: In adherence to all current guidelines, all areas of the venue will be ventilated. Wherever possible, outdoor areas will be available for delegate use along with indoor facilities.

- **Respiratory Hygiene**: We request that all delegates observe best respiratory hygiene, please cover your mouth and nose with a tissue or sleeve when coughing or sneezing and discard used tissues appropriately.

- **Refreshment Breaks Crowd Management**: Follow social distancing requests when queuing for food.

- **Stay Safe If Unwell Stay Home**: Self-isolate if you are showing symptoms of, have tested positive for, or are a close contact of someone with, COVID 19.
